

A1 a second compartment for storing the second composition, the first and second compartments being joined together.

A2 6. (Amended) A stable skin care product comprising:
a first composition comprising about 0.01% to about 1% of a retinoid to provide a first benefit;
said retinoid selected from a group consisting of retinyl esters, retinol, retinal, and mixtures thereof;

Sub 2

a second composition comprising about 0.0001% to about 50% of at least one retinoid booster to boost the first benefit;

a first compartment for storing the first composition, wherein the first compartment keeps the first composition out of contact with oxygen; and

a second compartment for storing the second composition, the first and second compartments being joined together.

A3 11. (Amended) A stable skin care product comprising:

a first composition comprising about 0.001% to about 10% of a retinoid to provide a first benefit;

Sub C3
said retinoid selected from a group consisting of retinyl esters, retinol, retinal, and mixtures thereof;

a second composition comprising about 0.0001% to about 50% of at least one retinoid booster to boost the first benefit;

a first compartment for storing the first composition, wherein the first compartment keeps the first composition out of contact with oxygen; and

a second compartment for storing the second composition, wherein the second compartment keeps the second composition out of contact with oxygen; and wherein the first and second compartments are joined together.
